## About Us

Envertiz is a specialist healthcare staffing company with a rich legacy of operating inside the UK. We supply internationally qualified Nurses, Midwives, Care workers, and Allied Health Professionals to NHS as well as the private sector. Envertiz is a company owned and operated by nurses.

Recently, we have become an approved supplier to the NHS under the workforce alliance framework. We have our team of experts to deal with and fulfil specific niche requirements of the employers. Our forte is wide spread and we focus on positions that are rare and on very high demand. We are actively in partnership with a number of NHS trust hospitals for international recruitment.

Our dedicated team members and advisors offer timely and industrious support and ensure that our clients receive a seamless recruitment experience always.

### OUR VISION

"How very little can be done under the spirit of fear!"

- *Florence Nightingale*

We boldly aspire to build a healthier world filled with people who exhibit the fearless compassion of the great Florence Nightingale.

ENVERTIZ CONSULTANCY  
EXPLORING POTENTIALS

## Social Values:

Envertiz understands and stands committed to create a sustainable world for our future generations. We have created a small but an ambitious committee that would research, plan and implement initiatives to contribute to a greener world. The salient features of the project include:

- Paperless office
- Sustainable waste management
- Social drives to encourage public transport usage to reduce carbon emission
- Committed to join the UN Global Compact initiative

## Diversity & Inclusiveness:

Envertiz is committed to create, nurture and sustain a global inclusive culture and promote innovation driven through difference. Preserving a culture of diversity is more important to keep us united and make us stronger. We recognize that every individual is unique and different, which is indeed our strength. This in turn helps us in dealing effectively with candidates of varying origin and nature.

## Why Envertiz

- Envertiz is recognized by the clients for the exemplary service quality and timely delivery.
- Our coordination with the hospitals to reach desired staffing levels through reliable staffing methods and solutions.
- Our compliance screening checks are scrupulous and precise maintaining the highest standards of the NHS.
- Envertiz offers continuous pastoral support to all the nurses (supplied by Envertiz) through its dedicated pastoral support team that is ready and free to reach out anytime.
- Our tailored assistance team supports everyone with career pathways and progression within the NHS.

## **Nursing & Midwifery:**

We possess a large pipeline of NMC registered nurses seeking permanent positions within NHS. Our pipeline consists mainly of adult nurses, paediatric nurses, mental health nurses, theatre nurses, midwives and nurses experienced in specialist areas.

---

## **Medical & Dentistry:**

We have a significant pool of GMC/GDC qualified medical practitioners and dental professionals who are looking for permanent positions within the NHS.

---

## **Allied Health Professionals:**

We have been actively supplying HCPC-registered allied healthcare professionals to various NHS hospitals and other private sectors. We have the potential to elevate this higher as per the needs of the clients and our pipeline includes; Occupational Therapists, Physiotherapists, Radio-graphists, Radiotherapists, Speech and Language Therapists, Theatre Practitioners etc.

---

## **Health Science Services:**

Our diverse range of professionals, ranging from those directly involved with patients care and support to those that support, manufacture, and produce medical and health-related products and majorly consist of: optometrists, medical technologists, medical associates, pharmacists, pharmacy technicians etc.

---
